**Note** TDOC reduces the clerical effort needed for document  
control whilst increasing reliability.  
TDOC uses the best features of the internet, generating  
transmittal documents as pdf, optionally with an edi file for  
automated input by the recipient.  
TDOC either zips up all the attachments or treats them  
individually. Documents or Zips are either ftp'd for  
download, or packaged with the transmittal documents in  
the email.

**Reason for Issue** **Comment** **Note** Please make your comments within SEVEN days.  
**Please return the attached Comment Sheet** The comment should be brief (less than eighty characters).
